Data Sheet Sallegra® IP Dali Gateway

Sallegra® IP Dali Gateway

The Sallegra® IP Dali Gateway has an integrated 10 / 100Mbit network interface and DALI power supply. It acts as an interface module for connecting DALI systems to the Sallegra building automation systems. In addition, it convinces with its simple mounting on a DIN rail and 5-year guarantee.

Technical specifications:	
Voltage range	12V DC
Connection	Dali Bus A/B
Adresses	Max. 64 DALI participants
Power / standby power	1-6 W/ 1 W
Ethernet	TCP/IP 10/100MB
Output voltage DC	16 V +/- 5%
Operative temperature	0 to + 50 °C
Storage temperature	-20 to +60°C
Humidity	10-90% (not condensating)
Dimensions	35 mm x 91 mm x 60 mm
Weight	approx. 90 g
Certification	IP 20
